## NZEB Training

## FAQs

**By 31st of December 2018, new buildings occupied and owned by public authorities must meet the nearly zero energy standard.**

**By 31st of December 2020, all new buildings must meet the nearly zero energy standard.**

This Government directive with Policy and building regulations will require all construction professionals to adhere to the NZEB Standard and to undergo upskilling to meet the requirements of the sustainable building agenda.

Trades identified as being impacted by NZEB include:

- Electrical
- Plumbing
- Bricklaying
- Carpentry
- Plastering

Other Courses:

- Basic Awareness
- Site Supervisor

WWETB will deliver training to meet the needs of those in the Construction Sector in their National NZEB Training Hub in Enniscorthy.

**Courses will run on dates throughout 2018/2019.**

### **Who needs to do this training?**

Employees in the Construction sector in the designated areas. It is particularly suited to those engaged in new builds for domestic construction.

### **Why do I or my employees need to do this training?**

This Government directive and revised building regulations will require all construction professionals to adhere to the NZEB standard. These training courses will introduce participants to the legislative concepts required to meet the standards.

This upskilling will meet the requirements of the construction sustainable agenda and provide practical applications for building air tightness control.

### **What time does the training start and finish?**

8:30 to 16:30 (subject to change).

### **How much does it cost?**

€100 per person - Basic Awareness course.

€370 per person – all other courses

### **Where will the training take place?**

Training will take place in the NZEB Training Centre, Enniscorthy, Old Dublin Road, Co. Wexford

### **What Certification will I get at the end of the course?**

The courses are City & Guilds/WWETB Quality Assured and there will be a Certificate and a Digital Badge issued to participants on successful completion of the programme.

### **How long does it take?**

The 5 trades and Site Supervisor courses are 4 day programmes. General Awareness is one day and is for general operatives within the construction sector.

### **How do I register for this training?**
